

## KNES DEPARTMENTAL PAGE

All students whose major is in the School of Kinesiology should follow the steps outlined below for remote advising during the FALL 2020 advising session for the Winter Intersession 2020 and Spring 2021 registration.

**STEP 1:** Check ULINK for your assigned advisor, catalog year/curriculum, and registration appointment.

**STEP 2:** Log on to Moodle Advising Course for your Concentration (Exercise Science Pre-Professional Studies, Exercise Science Fitness Studies, Sport Management, HPE, HPW, Pre-Athletic Training) **Continuing Advising Fall 2020** (for Spring 2021 and/or Winter Intersession 2020).

**STEP 3:** Review the site to become familiar with the available resources and sections.

**STEP 4:** Locate the Academic Advising Process and follow the instructions for advising. Instructions to request a virtual meeting are included.

**STEP 5:** After you and your advisor have reviewed your completed advising form, a grade of "Outstanding" will be posted in Moodle, and your academic hold will be lifted, which allows registration.

*The Advising Moodle page is the only place advising forms will be reviewed. Do NOT email advising forms. This important form may be lost in the multitude of emails we receive.*
